

OUR SCHOOL VISION

Students at St Pius X Catholic School will have faith in their ability as future focussed learners, seeking and using knowledge actively, to fulfill their personal best in HOPE and relate to their world through their loving relationship with God.

Dear Parents and Caregivers

Kia ora, Talofa lava, Malo e lelei, Kia orana, Bula vinaka, Warmest Greetings to you all.

What does LOVE mean to us all?

FAITH, HOPE, LOVE,
but the greatest of these is **LOVE!**

May God Bless You and your families

Netball and my team

At Netball our team is outstanding. We work as a team and we get along with each other like we've been friends for years. Netball is a very fast game like two really fast cars racing.

*My Netball team is always the best because when someone is sick they still play and that's the meaning of being a real team. My Netball team are my best friends and without them I couldn't win by myself. - **Opeti**.*

Teamwork

First day of netball this Term and year, I don't know about my teammates, but I was scared and excited at the same time.

First half started I was shaking so nervously when the whistle blew and I ran straight after they caught the ball, I was so terrified, but when they passed me the ball I felt a little bit better and my shyness went away. I felt like I was going to get better and better if I just keep on trying.

I rushed up to catch the ball, but my partner was blocking me, so I tried to step her. When they passed me the ball I tried not to step before the whistle blows, so I tried to pass the ball to my teammate. I looked everywhere and then finally Opeti ran in front of me and I passed him the ball.

When I heard the alarm ring for the second quarter I was so happy to finally swap with Patience. I saw Patience play and I got a few tips from her and Opeti on how to get better at my position in netball. Opeti and Patience are really good. Suddenly I heard the bell ring for the third quarter.

When I ran inside I tried to catch up to the rest of my team. I felt more confident and focused when they kept on passing me the ball. I thought that the third quarter was the last quarter, but then when I heard the break bell and then another bell I was surprised, I didn't know what to do so I just cheered on my team.

At the end I learned a valuable lesson and that lesson is even though the other team is angry at you, that doesn't mean that you have to be angry at them and do bad things. - **Silia**.

Dianne's Netball experience

Thursday night was the best, you know why? Because we won another game, even though it was tiring and freezing. It was great playing with my team because they were Awesome!

The best part of playing with them is our connection together which makes us a really good netball team.

I enjoy working with everyone in my team and teamwork is also why I enjoy Netball. Playing netball feels like the best sport in my world to me. My teammates are supportive and strong. Netball is very exhausting but without netball I would be bored every Thursday night.

Team work

At Netball my team looks intelligent because we are very good at representing our school. Every time we are at the netball we are always ready to verse other teams. Then when the game starts we dash to our positions so when the ref blows the whistle we can start. The faces of my team look happy all the time even when we are playing the game.

We work as a marvellous team so we can enjoy the game. After that we have to change jobs so other people can have a turn. While we are playing we share the ball so we can have a wonderful game with our team. My team smiles if they get the ball or get a goal. If we don't get the ball we are still happy because were great with our team work. We don't get sad if we don't win because it's just a game.

After we have finished the game we get back to our coach so we can celebrate the other team that did their best. We shake hands with the other team for doing a good job. – **Malia**.

Please remember:

School starts at **8.55am**. Children need to be settled at school in plenty of time.
Please make sure your children are at school **on time** each day.

I also ask parents to help in the afternoons by parking your car correctly and walking to collect the children up at the school gate. **Please do not drive up our driveway** – it is too dangerous for our little ones. Thank you!
